

Gowrie State School 2025 Booklist -- All Grades

When purchasing student supplies, the school requests:

- Please ensure that all your child's school items are individually **named**. eg. each pencil. Please leave subject labelling to teaching teams.
- Using this list we endeavor to have **sufficient materials organized for the year**, but there *may* be need to purchase additional items from time to time.
- The items on the book list are collected and distributed to your child when they are needed. Please send all requested items at the beginning of the year. Not having the items on hand at school causes considerable inconvenience. Anything that is not used, or reusable, will be returned home at the end of the year.
- Book covering is optional, though it does strengthen the book bindings and helps with ease of identification. Plastic slip on covers are readily available in a variety of colors/prints.
- Items with an asterisk (*) beside them may not need to be purchased if still in good condition from previous year.
- Parents who choose to purchase items from other suppliers are asked to ensure they purchase good quality items, as cheap items such as pencils, sharpeners and scissors do not last as long because they break easily and the pencils are difficult to sharpen.

Additional Costs: The D0E policy states “Under the Education (General Provisions) Act 2006 (Qld) (Section 50(2)), the cost of ‘instruction’, ‘facilities’ and ‘administration’ are met by the State. State funding for schools does not extend to individual student resources such as textbooks, equipment for personal use and items used/consumed/single access by the student in the classroom. Parents are responsible for supplying these resources to support student learning.” Please refer to costs outline at the bottom of the book list.
