

Habit Number 2:

MAKING CONNECTIONS

- 📖 Thinks about what they already know
- 📖 Makes connections with the text (relates to their own experiences, prior knowledge)
- 📖 Makes connections text to text (relates to other things they have read)
- 📖 Makes connections text to world (relates to things they have noticed or experienced in the world)

Strategies...

Connects the Text To:

- *Something that has happened to you*
- *Something that has happened in the world*
- *Another text*

Be ready to explain how your connections help you to better understand the text.
